

CIRCLE THE WORD: GARDEN

garden

Read the rhyme. Circle the word **garden** each time you spot it.

In the Garden

In our lovely garden, under the bright sun,

Blossoms dance and have so much fun.

We water and we plant, in our garden so
green,

It's the most beautiful place you have ever
seen.

Come and join us, in our garden so wide,

Where the butterflies flutter, and the
ladybugs hide.
