

# CIRCLE THE WORD: HIS

his

Read the rhyme. Circle the word **his** each time you spot it.

## His Little World

In his small red house, under his big green tree,

His cat sleeps soundly, as quiet as can be.

His dog, always playful, chases his own tail,

His fish swim around, without any fail.

His world is full of joy, his heart is full of glee,

Look around, how many “his” can you see?
