

# CIRCLE THE WORD: SCHOOL

school

Read the rhyme. Circle the word **school** each time you spot it.

## A Day at School!

In my bright red school, so cool,  
I learn to follow every rule.

We read, we write, in my school,  
Learning is the only tool.

With friends, I laugh at my school,  
Days are fun, never cruel.

I do confess, I love my school!
