

CIRCLE THE WORD: UP

up

Read the rhyme. Circle the word **up** each time you spot it.

Up, Up, and Away

Look, there goes the sun, it's going up, so high,

In a hot air balloon, let's float up, in the sky.

Up, up we go, over the treetop,

Up in the clouds, we never want to stop.

See the bird flying up, up, and away,

Tomorrow is another day, for us to play and say,

"Up, up, we go, in our dreams so deep,

Up to the moon, before we go to sleep."
