

# CIRCLE THE WORD: YOU

you

Read the rhyme. Circle the word **make** each time you spot it.

## Hello, You!

Sun says to you, "Good Morning, you!"

Birds sing to you, "How do you do?"

You, in the mirror, who do you see?

Is it a smile from you, as happy as can be?

So, wave hello and say, "It's true,"

The world is brighter because of you!
