

CIRCLE THE WORD: WANT

want

Read the rhyme. Circle the word **want** each time you spot it.

The Little Caterpillar

Once a caterpillar, small and spry,
With a little twinkle in his eye.

He would look at the leaves and want
to munch,

Or at the sun, and want to bask till
lunch.

He'd want to play, he'd want to dance,
In his little world of caterpillar's prance.
