

FIND THE WORD: WHAT

what

Read the rhyme. Circle the word **what** each time you spot it.

The What Song

What is that in the sky so blue?

Was that a bird or a kite that just flew?

What do you see in the pond so clear?

A frog or a fish coming near?

What do you hear when the bells chime?

Is it the clock telling time?

What can you find when you look and see?

A world full of wonders, just like me!
