

# FIND THE WORD: WHERE

where

Read the rhyme. Circle the word **where** each time you spot it.

## Where, Oh Where?

Where is my teddy, oh where can he be?  
Is he under the bed, where I cannot see?  
Where is the sunlight when the night is here?  
Oh, it's hiding behind the moon, my dear!  
Where do the birds go when winter is near?  
They're off to where it's warm, have no fear!
