

# GROW YOUR OWN PLANTS!

Follow the instructions given below to grow a plant of your choice. Click a picture of it and paste it below. You can even draw and color it as per your choice. .

- Do this activity with the help of a family member.
- Grab any container or a pot.
- Fill the pot with soil. Leave a little space on top so that the pot is not filled to the brim.
- Plant some seeds into the pot and top it off with more dirt.
- Sprinkle it lightly with water.
- Place the pot outside in a sunny area.
- Give it some love and water every day.

**Paste or draw the picture of your plant here.**
