I hurried to catch the last bus of the day, but I missed the **buss** departure by mere seconds. Disappointed, I decided to walk home instead. As I strolled along the sidewalk, I noticed the **trees** branches swaying gently in the breeze. Suddenly, I remembered that I had forgotten to return my **friends** book, so I made a mental note to do it tomorrow. Meanwhile, I listened to my favorite podcast on my **phones** speaker. Suddenly, the battery died, leaving me with no entertainment for the rest of the walk.
