

PREDICT THE MYSTERY: SARAH'S MIDNIGHT ADVENTURE

Read the story and predict what happens next.

As the clock struck midnight, the old grandfather clock in the hallway began to chime. Sarah, who had been reading a book in the cozy living room, felt a sudden chill. The room seemed to darken, and the pages of her book rustled on their own.

- What do you think happens next? Is there an adventure about to begin, and if so, how will Sarah respond?
