

READ AND INFER

Read the passages given below and answer the questions.

In a small town, there was an old mansion that everyone believed was haunted. One night, a group of friends decided to explore it. They heard the sound of creaking floors and strange whispers. Soon everyone's nerves started catching up with them as they heard a scream echoing through the mansion.

- 1 Which key details help you infer that the mansion was haunted?

- 2 How were the friends feeling before going on the adventure? How did their feelings change?

Drew and her classmates were conducting a science experiment in their school's lab. They mixed two clear liquids together, and their eyes sparkled with amazement. A colorful reaction had occurred. The mixture bubbled and produced a loud fizz.

Select the inference that you can draw from the following key detail: *their eyes sparkled with amazement.*

- a. The experiment was a roaring success.
- b. Their science teacher entered the lab at that moment.
