

Push It All The Way!

Connect each word push to get through the maze.

A maze puzzle where the goal is to connect every instance of the word "push" to form a continuous path. The maze is composed of several interconnected paths and dead ends. The words "push" are scattered throughout the maze, some in straight lines and some in curved paths. Other words like "put", "right", "much", "wash", "take", "another", "blind", "pull", "head", "made", "had", "wash", and "pull" are also present, serving as distractors. The path starts from the top left and ends at the bottom right.
