

# INFERRED OR EXPLICIT

Read the following passage and answer the questions.

Kevin took off his cap, placed his baseball bat on the ground, and looked toward the fence. It wasn't that they had lost the ball. No, they knew exactly where it was. It was lying innocently on the ground just across the fence. The fence was not very high. Kevin could probably get a running start, grab the fence and flip over it. But there was a dog, a big dog, wearing a collar, sitting next to the ball. Kevin took one step toward the fence and the dog let out a menacing growl. Emilio, Archie, and Scott ran up to Kevin. "So are you going to do it, Kevin?" asked Archie.
