

ORDER OF SEQUENCE

Lily has decided to bake a pizza for her monthly tea party. The following statements tell the story of her tea party preparations. Put the statements in a sequence from 1 to 5.

Second, she mixed the flour with olive oil and salt to make a dough. She then rolled the dough into a flat circle.

Lily went to the supermarket to buy the ingredients needed to make a pizza. She bought flour, peppers, olives, rosemary, oregano, tomatoes, and garlic.

Finally, she placed the pizza in the oven and waited for it to finish baking. All her friends enjoyed the delicious pizza that she had made all by herself.

Then she put the sauce on the round base. She added the vegetables and a lot of grated cheese on top of it, and she also seasoned it with a little salt and pepper.

First, she some sauce for the pizza. She pureed the tomato and added garlic and herbs.
