

# SPOT THE WORD UP

up

Read the rhyme. Circle the word **UP** each time you spot it.

## Up, Up, and Away

Up, up, and away we go,  
In a hot air balloon, we'll flow.  
Up above the world so high,  
Amongst the clouds, we'll touch the sky.

With our kites, we'll run and race,  
Watch them soar, up in space.  
Up at dawn, a brand new day,  
Filled with laughter, come what may.
