

USING KEY DETAILS

Can you guess the place being talked about in these statements?

A

I can see greenery all around me. I saw the trunk of an elephant beside me. It can be a dangerous place without proper supplies, as a tiger or lion can give you a surprise at any time.

B

I am at a place where all the people around me have hats, umbrellas, sunblocks, and sunglasses to protect them from the blazing sun. There is a lot of sand, water, and waves.

C

I can see swings and fresh blossoms of spring. Kids are playing, running, and riding, while grown-ups are talking, jogging, and walking.

D

I am at a place with a large ground at the center and a bunch of people sitting in a circle that surrounds the ground. I can see a bat and a ball and a player that made a home run.

E

I can see tomatoes, carrots, and lots of potatoes. The place is filled with food of all kinds, from fresh olives to juicy tangerines. People fill up their cart with their desired items and pay for them when they depart.
