

# 3-Digit Division with Rabbits

The rabbit hops only onto tiles where the division problem does not leave a remainder. Shade all these tiles to complete the path.

$$315 \div 26$$

$$487 \div 32$$

$$324 \div 12$$

$$540 \div 15$$

$$629 \div 45$$

$$842 \div 33$$

$$825 \div 25$$

$$315 \div 26$$

$$991 \div 37$$

$$312 \div 24$$

$$913 \div 44$$
