

## Repeated Addition of Mixed Numbers

With the help of models, find the mixed numbers.

$$\left[ \begin{array}{|c|c|} \hline \text{Orange} & \text{Pink} \\ \hline \text{Orange} & \text{Pink} \end{array} \right] + \left[ \begin{array}{|c|c|} \hline \text{Orange} & \text{Pink} \\ \hline \text{Orange} & \text{Pink} \end{array} \right] + \left[ \begin{array}{|c|c|} \hline \text{Orange} & \text{Pink} \\ \hline \text{Orange} & \text{Pink} \end{array} \right]$$

$$\square \quad \frac{\square}{\square}$$

$$\left[ \begin{array}{|c|c|c|} \hline \text{Purple} & \text{Purple} & \text{Purple} \\ \hline \text{Orange} & \text{Orange} & \text{White} \end{array} \right] + \left[ \begin{array}{|c|c|c|} \hline \text{Purple} & \text{Purple} & \text{Purple} \\ \hline \text{Orange} & \text{Orange} & \text{White} \end{array} \right] + \left[ \begin{array}{|c|c|c|} \hline \text{Purple} & \text{Purple} & \text{Purple} \\ \hline \text{Orange} & \text{Orange} & \text{White} \end{array} \right] + \left[ \begin{array}{|c|c|c|} \hline \text{Purple} & \text{Purple} & \text{Purple} \\ \hline \text{Orange} & \text{Orange} & \text{White} \end{array} \right]$$

$$\square \quad \frac{\square}{\square}$$
