

Comparing Division Expressions

Compare the division expressions without calculating. Use the symbols $>$, $<$ and $=$.

1

$$20 \div 4 \quad \square \quad 20 \div 5$$

2

$$54 \div 9 \quad \square \quad 54 \div 6$$

3

$$60 \div 12 \quad \square \quad 60 \div 15$$

4

$$110 \div 10 \quad \square \quad 110 \div 11$$

5

$$80 \div 8 \quad \square \quad 64 \div 8$$

6

$$169 \div 13 \quad \square \quad 156 \div 13$$

7

$$483 \div 23 \quad \square \quad 230 \div 23$$

9

$$16 \div 4 \quad \square \quad 16 \div 8$$

9

$$210 \div 15 \quad \square \quad 225 \div 15$$

10

$$6 \div 3 \quad \square \quad 6 \div 2$$
