

Decoding the Code— Powers of 10

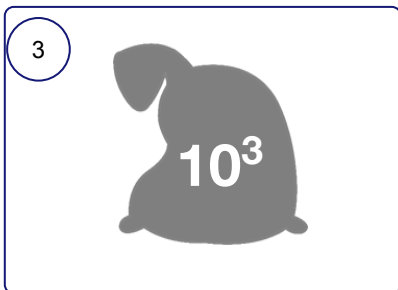

These are GuGu's magic bags. For each honey jar, they return as many jars as the code written on them. Write the number of honey jars, in standard form, that GuGu will receive by putting 1 jar in each bag.

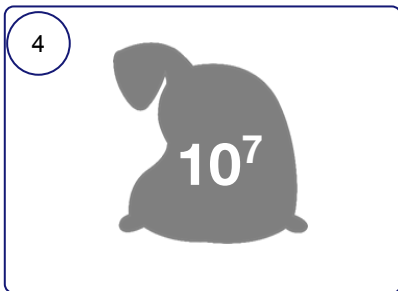

This bag will return _____ honey jars.

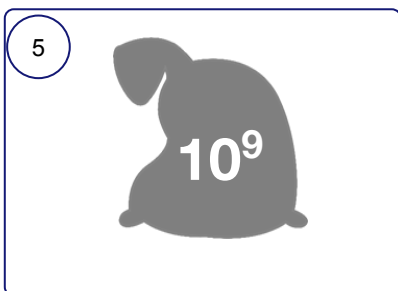

This bag will return _____ honey jars.

This bag will return _____ honey jars.

This bag will return _____ honey jars.

This bag will return _____ honey jars.
