

# Winter Division

Solve the following word problems.

- 1 During the winter break, Sarah read a 1,960-page book. If she read the same number of pages each day for 8 days, how many pages did she read per day?  
\_\_\_\_\_
- 2 Lisa bought 1,332 winter stickers for a crafting activity. If she plans to sort them into folders, putting 6 stickers in each folder, how many folders will she fill?  
\_\_\_\_\_
- 3 A photography company took 2,448 winter-themed photos during a snowy event. If they aim to distribute these photos equally into 9 photo albums, how many photos will each album contain?  
\_\_\_\_\_
- 4 A winter sports team played 1,725 minutes of games over the winter season. If they played the same amount each day for 5 days, how many minutes did they play per day?  
\_\_\_\_\_
- 5 A company purchased 4,752 snow globes as souvenirs for a winter party. If they plan to distribute these evenly among 9 branches, how many snow globes will each branch receive?  
\_\_\_\_\_
- 6 A charity collected 2,492 winter coats. If they distribute them equally among 7 shelters, how many coats will each shelter get?  
\_\_\_\_\_
- 7 A winter festival had 2,730 visitors. If the visitors came evenly over 6 days, how many visitors were there each day?
