

# Equivalent Decimals Puzzle

Identify equivalent decimal pairs in the grid and color them to complete the puzzle.

The puzzle consists of a grid of 24 hexagonal cells arranged in 4 rows and 6 columns. The numbers in the cells are as follows:

				0.40	
	7.00		0.04		
		0.07		0.4	
			0.7		
		0.70			
	0.03				
		0.30			
	0.3				

Decorative elements include a red apple at the top center, a carrot at the top right, and a pink rabbit sitting on a patch of grass at the bottom left. The word "Start" is written below the rabbit.
