

Solve the Riddle

Solve the riddle by evaluating the expressions. Write the associated letter over the answer given in the table below.

$$168 - 79 + 10$$

R

$$6 \times (51 + 47)$$

S

$$200 + 20 \div 2$$

T

$$8 \times 25 \div 5$$

E

$$16 + 37(12 + 44)$$

E

$$532 - \frac{1}{4} \times (77 + 23)$$

C

If I have it, I don't share it. If I share it, I don't have it. What is it?

588	2,088	507	99	40	210
