

Complete the Equation

Fill in the missing numbers to complete the equations.

$$5 \times 7 = 5 \times 6 + 5 \times \square$$

$$8 \times 4 = 8 \times 2 + 8 \times \square$$

$$7 \times 9 = 7 \times 5 + \square \times \square$$

$$4 \times 6 = \square \times 4 + 4 \times \square$$

$$6 \times 8 = \square \times 5 + \square \times \square$$
