

## Multiply in Pieces

Fill in the numbers to find the product.

1

$$6 \times 7 = 30 + \square = \square$$

2

$$8 \times 7 = 40 + \square = \square$$

3

$$8 \times 8 = \square + \square = \square$$

4

$$8 \times 13 = \square + \square = \square$$

5

$$6 \times 9 = 60 - \square = \square$$

6

$$7 \times 8 = 70 - \square = \square$$

7

$$12 \times 9 = \square - \square = \square$$

8

$$14 \times 8 = \square - \square = \square$$
