Solve the Subtraction Problems

Identify the clues in the problem and use the model to solve it.

Jade baked 20 cookies for a party. Her sister ate some of them. Now, she is left with 14 cookies. How many cookies did her sister eat?

☐ − ☐ = ☐

☐ − ☐ = ☐

Mary saw 19 stars in the sky. After some time, she could see only 10 stars. How many stars went out of sight?

☐ − ☐ = ☐

☐ − ☐ = ☐
