Make a Model to Multiply (A)

Make a model using dots and boxes to represent each word problem and write its related multiplication expression.

Emily has 3 flower pots in her house. Each pot has 4 flowers in it.

How many flowers does Emily have in her house?

Model:

Total flowers : ☐ ✕ ☐

Solve : ☐ **flowers**

Matthew has 5 packs of markers with him. Each pack has 3 markers.

How many markers does Matthew have?

Model:

Total markers = ☐ ✕ ☐

Solve : ☐ **markers**
