

NAME _____

Easter Multiplication

Solve the following word problems.

1 On Easter Sunday, a church is giving out 5 Easter baskets to each family. If there are 20 families, how many Easter baskets does the church need to prepare?

2 A family is hosting an Easter egg hunt. They hide 30 eggs for each child. If there are 4 children, how many eggs do they need to hide?

3 A bakery is making special Easter cupcakes. They make 6 cupcakes for each order. If there are 50 orders, how many cupcakes do they need to make?

4 Mia has 3 egg cartons, and each carton has 40 eggs. How many eggs does she have in total?

5 A school is organizing an Easter parade. Each class makes 8 floats. If there are 10 classes, how many floats are there in the parade?

6 Ethan is making Easter hats for a school project. He puts 2 flowers on each hat, and he makes 20 hats. How many flowers does he use in total?

7 Mia is coloring Easter eggs. She colors 2 eggs for each guest. If there are 50 guests, how many eggs does she color?

8 A church is giving out Easter lilies. They give 3 lilies to each family. If there are 60 families, how many lilies do they give out?
