# Associative Property Of Addition

You have to make party favor bags using packs of 3 apples, 2 oranges and 4 bananas.

List the different ways in which you can arrange them in a bag from top to bottom.

Also, find the total number of items in each bag in each case.

Two have been done for you.

2 oranges

3 apples

4 bananas

Total = 2 + 3 + 4 = 9 fruits

3 apples

2 oranges

4 bananas

Total = 3 + 2 + 4 = 9 fruits
