

Make Equal Groups (A)

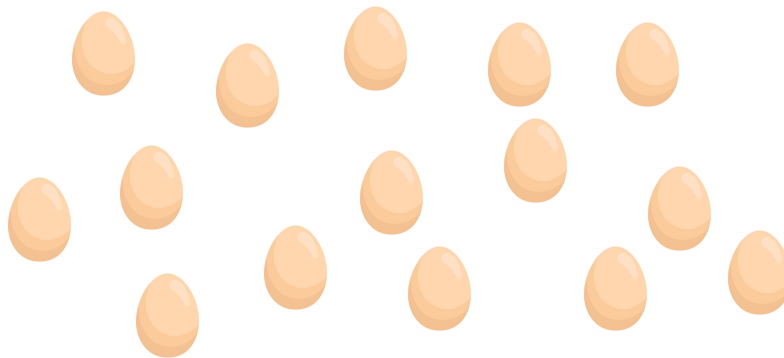

Make equal groups to complete the equation.

8 carrots are divided equally into groups of 2. How many groups of carrots are there?

$$\boxed{} \div \boxed{} = \boxed{} \text{ groups of carrots}$$

15 eggs are divided equally into groups of 3. How many groups of eggs are there?

$$\boxed{15} \div \boxed{3} = \boxed{} \text{ groups of eggs}$$
