

Subtracting Unlike Fractions

Use the given key to find the difference of fractions as specified.

$$\text{Purple Flower} = \frac{1}{2}$$

$$\text{Snail} = \frac{2}{5}$$

$$\text{Butterfly} = \frac{4}{7}$$

$$\text{Yellow Flower} = \frac{2}{9}$$

$$\text{Purple Flower} - \text{Snail} = \frac{\square}{\square}$$

$$\frac{1}{2} - \frac{2}{5} = \frac{5 - 4}{10} = \frac{1}{10}$$

$$\text{Butterfly} - \text{Purple Flower} = \frac{\square}{\square}$$

$$\text{Butterfly} - \text{Yellow Flower} = \frac{\square}{\square}$$

$$\text{Snail} - \text{Yellow Flower} = \frac{\square}{\square}$$
