

# Count on Using Number Line

Complete the addition sentence to match the number line.

A number line from 0 to 10. A large blue arrow starts at 0 and ends at 3. Two smaller blue arrows start at 3 and end at 4, and another two start at 4 and end at 5.

$3 + 2 = \square$

A number line from 0 to 10. A large blue arrow starts at 0 and ends at 4. Three smaller blue arrows start at 4 and end at 5, 5 and 6, and 6 and 7.

$\square + \square = \square$

A number line from 0 to 10. A large blue arrow starts at 0 and ends at 5. Three smaller blue arrows start at 5 and end at 6, 6 and 7, and 7 and 8.

$\square + \square = \square$

A number line from 0 to 10. A large blue arrow starts at 0 and ends at 7. Two smaller blue arrows start at 7 and end at 8, and another two start at 8 and end at 9.

$\square + \square = \square$
