

Subtract Multiples of 10 Using the Number Line

Use number line to subtract.

A number line from 0 to 100 with tick marks every 10 units. A curved arrow starts at 50 and points to 40, representing a subtraction of 10.

$50 - 10 = \square = \square \text{ tens}$

A number line from 0 to 100 with tick marks every 10 units. Three curved arrows start at 40 and point to 30, 20, and 10, representing a subtraction of 30.

$40 - 30 = \square = \square \text{ ten}$

A number line from 0 to 100 with tick marks every 10 units. Six curved arrows start at 90 and point to 80, 70, 60, 50, 40, and 30, representing a subtraction of 60.

$\square - \square = \square = \square \text{ tens}$
